

LETTER OF RECOMMENDATION

We are pleased to provide this letter of recommendation for **SimplyMobile Sp z o.o.** our trusted technology partner, with whom we have been working successfully for over three years.

Throughout our cooperation, SimplyMobile Sp z o.o. has provided comprehensive IT services to **Assistco and Spedify**, supporting the development, maintenance, and modernization of our business-critical systems and infrastructure.

Their responsibilities and contributions have included:

- **Cloud Infrastructure Management:** Maintaining and supporting our Microsoft Azure infrastructure, ensuring the reliability and continuity of our IT operations.
- **System Integration and Modernization:** Developing, maintaining, and stabilizing integrations between our legacy systems, ERP, WMS, e-commerce platforms, and external services.
- **E-commerce Migration:** Successfully migrating our legacy e-commerce solution to Shopify, including comprehensive integration with our ERP and WMS
- **Custom Software Development:** Designing and developing tailored business applications, including warehouse operation tools, cost calculation solutions, and applications supporting daily operational processes.
- **Hardware and Software Integration:** Building integrations between business applications and physical devices used in our operations.
- **Business Process Optimization:** Improving product data flows, sales processes, warehouse workflows, and communication between our core business systems.

One of the most valuable outcomes of our collaboration has been the significant improvement in the stability and reliability of our system integrations. The team has also helped us modernize our technology landscape and streamline warehouse operations through practical, business-oriented software solutions.

What we particularly appreciate about SimplyMobile sp z o.o. is their ability to understand our business needs, take ownership of complex technical challenges, and deliver reliable, maintainable solutions. They have consistently demonstrated technical expertise, flexibility, and a proactive approach to problem-solving. After more than three years of cooperation, we consider them a reliable and valuable long-term technology partner.

We are happy to recommend their services to organizations looking for an experienced partner in software development, system integration, cloud infrastructure management, and business process digitalization.

Sincerely,

Stian Mårdalen
